

## Itsy Bitsy's Web

### INSTRUCTIONS

Cut out the web and Itsy Bitsy and let your little one learn to thread or weave. Once the web has been cut out and the holes added (easiest with a hole punch) tie some wool to the frame. Then to make it easier for your little one to thread it is best to role some sticky tape round the end of the wool so that it is like the end of a shoelace.

Once your child has finished threading or weaving stick Itsy Bitsy in the middle and then hang up.
